Pull Request

Description

Brief description of what this PR does.

Related Issue

Fixes #(issue number)

Type of Change

- [ ] Bug fix (non-breaking change which fixes an issue)
- [ ] New feature (non-breaking change which adds functionality)
- [ ] Breaking change (fix or feature that would cause existing functionality to not work as expected)
- [ ] Documentation update
- [ ] Style/UI changes
- [ ] ♻ Code refactoring
- [ ] ⚡ Performance improvements
- [ ] Test additions or modifications

Platform

- [ ] Mobile App (Flutter)
- [ ] Web App (Next.js)
- [ ] Both platforms
- [ ] Documentation only

Testing

- [ ] I have tested this change locally
- [ ] I have added tests that prove my fix is effective or that my feature works
- [ ] New and existing unit tests pass locally with my changes
- [ ] I have tested on multiple devices/browsers (if applicable)

Screenshots (if applicable)

Add screenshots to help explain your changes.

Checklist

- [ ] My code follows the style guidelines of this project

- [ ] I have performed a self-review of my own code

- [ ] I have commented my code, particularly in hard-to-understand areas

- [ ] I have made corresponding changes to the documentation

- [ ] My changes generate no new warnings

- [ ] I have added tests that prove my fix is effective or that my feature works

- [ ] New and existing unit tests pass locally with my changes

- [ ] Any dependent changes have been merged and published in downstream modules

Breaking Changes

If this is a breaking change, please describe the impact and migration path for existing users:

Additional Notes

Add any additional notes, concerns, or questions for reviewers.

Review Focus Areas

Please pay special attention to:
- [ ] Performance implications
- [ ] Security considerations
- [ ] Accessibility compliance
- [ ] Cross-platform compatibility
- [ ] API design
- [ ] User experience
- [ ] Error handling

Note: Please ensure your PR title follows our convention: `type(scope): description`

Examples: `feat(mobile): add ingredient search`, `fix(web): resolve login issue`
